

SHAILESH VISHVAKARMA

• Lead Full Stack & Spartacus Developer •

Experience Summary

- **Total Experience:** Over 11+ years in software development.
- **Specialization:** Full Stack Development & SAP Commerce Cloud (Hybris) frontend development.
- **Key Technologies:** Spartacus, SAP Commerce Cloud (Hybris), Chat GPT, Angular, .NET, MVC, Node.js, Python, React Native.
- **Leadership Roles:** Managed teams, led significant projects, and interacted directly with clients.
- **Major Projects:**
 - UK Migration Project and GenAI core team at Accenture.
 - SAP Commerce Cloud (Hybris) storefront implementations using Spartacus.
 - Microsoft Partner Center project at Microsoft (Collabera Technology Payroll).
 - Various software development roles at IQVIA, Siemens, and REMO Software.
 - Software development roles at IQVIA, Siemens, and REMO Software.
- **Emerging Technology Engagement:** Experienced in headless commerce, involved in projects incorporating GenAI and ChatGPT, showcasing adaptability and continuous learning in cutting-edge AI technologies.
- **Strengths:** Strong analytical skills, effective in all phases of SDLC, e-commerce development, and cloud solutions.

Technical Skills

E-commerce Platforms

SAP Commerce Cloud (Hybris), Spartacus Framework

Frameworks

Spartacus Asp.Net MVC Angular

Client-Side Language

Spartacus Angular React Native HTML
CSS JavaScript

Programming Languages

C#.Net Asp.Net Python Node JS

Database

SQL Server 2008 MongoDB

Tool's used

ChatGPT Photoshop Figma

Educational Qualifications

Education	University	Year of Completion	Percentage
M.C.A	Bangalore University	2014	79.00 %
B.C.A	Veer Narmad South Gujarat University	2011	63.20 %

Work Experience

Accenture

23 Mar 2020 - *

Associate Manager & Spartacus Developer (Dec 2021 - Present)

- Working as a Spartacus Developer, specializing in SAP Commerce Cloud (Hybris) frontend development.
- Led the UK Migration Project, managing 10+ resources across UI and Hybris.
- Implemented headless commerce solutions using Angular and Spartacus framework.
- Enhanced e-commerce storefront performance and improved user experience.
- Provided post-delivery support and streamlined SAP Commerce Cloud operations.

Team Lead (Feb 2021 - Nov 2021)

- Directed the SPOG project, managing a team of junior UI developers.
- Developed a React Native application, integrating GraphQL APIs and payment gateways.
- Enhanced team performance through mentorship and training.

Senior Programmer (Mar 2020 - Jan 2021)

- Specialized in full-stack development using HTML, CSS, Angular, and .NET.
- Expert in SQL database management and software lifecycle.
- Ensured quality assurance and problem-solving.

Microsoft (Collabera Technology Payroll)

23 Apr 2019 – 20 Mar 2020

- Actively participated in scrum meetings to comprehend project requirements for the Microsoft Partner Center.
 - Implemented functionalities by utilizing Angular JS, .NET Web API, and Elastic search.
 - Focused on front-end and back-end development, ensuring seamless integration and optimal performance.
 - Collaborated closely with team members to deliver high-quality software solutions.
-

IQVIA (Collabera Technology Payroll)**11 Apr 2018 – 19 Apr 2019**

- Specialized in .Net platform development, focusing on web application development and client interaction.
 - Skillfully implemented client requirements using technologies like Angular JS 2, ASPX Web Forms, and .Net MVC with Web API.
 - Managed and executed a project primarily utilizing NodeJS and MongoDB, showcasing versatility in handling different technologies.
 - Played a key role in translating client needs into technical solutions, ensuring project alignment with business objectives.
-

Siemens (Manpower Group Payroll)**16 Jan 2017 – 06 Apr 2018**

- Developed .Net-based web applications, liaising with clients to understand and implement requirements.
- Explored Python and Flask for application development.
- Created a QA system for the engineering domain and extracted key information from scientific literature.

REMO Software**20 Oct 2014 – 13 Jan 2017**

- Specialized in cloud development using the .Net platform with SQL Server 2014 for backend operations.
 - Utilized a range of technologies including Angular JS, JavaScript, Ajax, HTML, CSS, jQuery, C#, along with web services and Web API.
 - Focused on code optimization and enhancing database performance.
-

Siemens (Full time intern)**20 Jan 2014 – 26 Sep 2014**

- Functioned as a core developer for web application projects.
- Implemented Web Services, FEMAP APIs, Solid Edge APIs, and utilized technologies like jQuery, HTML, CSS, JavaScript, and XML.
- Involved in UI Designing, creating application templates, and developing test cases for software testing.
